

## **WHITE PAPER FOR FACE MASK TOKEN**

### **What is it?**

Face Mask Token is a decentralised digital token built as a pandemic memorabilia.

Face Mask Token is not a securities.

It is a digital token designed to encourage the use of face masks around the world.

### **What is a memorabilia?**

A thing of value kept or purchased because of their associations with memorable people or events.

### **Why you need a Face Mask Token as memorabilia:**

Face Mask Token is the world's first pandemic Memorabilia.

Face Mask Token will grow in value.

Face Mask Token will open doors to other opportunities.

Face Mask Token will be traded on the best exchanges.

Face Mask Token will support communities lacking help regarding this pandemic.

### **How it works**

FMT works in the public Ethereum blockchain using the ERC-20 Token Standard.

Tokens can be exchanged between parties and traded for other valuable things.

### **Get Face Mask Token**

While we wait for the listing on exchanges.

To become an early adopter you can sign up, purchase token, and triple your tokens at the exchange.

### **ABOUT US**

We are a group of crypto enthusiasts, with a vision to create memorabilia out of this current crisis.

The money recovered will also be used for helping disadvantaged communities and supporting community hospitals with PPE

Face Mask Token is aimed at improving health conditions and practices around the world.

The primary goal of Face Mask Token is to encourage solutions, distribution of face masks and PPE. Increase the accessibility of face masks by supporting some communities without Government support.

## **Partners**

Our PPE & Face Mask partners are in Singapore and Germany.

They will distribute Face Masks to disadvantaged communities in different countries.

They also have a dedicated 100M charity tokens

## **Financing free distribution**

Face Mask Token will ensure to send free face masks to places that have high poverty rates.

## **Blockchain technology**

Face Mask Token will belong to the people and will ensure a trusted and complete and absolute transparency of all transactions.

## **DIRECTIONS OF THE PROJECT**

Face Mask Token is a memorabilia.

It will be listed in an exchange and adopters can use it to pay for other transactions.
